Bonnie Guitar Plays Dual Recording Life

NASHVILLE—Bonnie Guitar, Dot recording star—like her hit record—almost literally lives in two worlds.

As an a&r producer for Dot, she records mostly rock 'n' roll groups. As an artist, she records almost strictly country. She gathers her material from both Nashville and the West Coast, and although she lives in Los Angeles, she does her recording here.

Virtually all of her Nashville sessions in the past have been at Columbia studios; the four sides she has just cut were done at RCA Victor.

Her Dot recording of "I'm Living in Two Worlds," cut in Nashville, was her biggest hit since "Dark Moon." Now she plans to redo "Dark Moon" in the near-future, updating what has become a standard.

Miss Guitar produced two of Mac Wiseman's biggest sessions, but also produces the top-40 songs of her 17-year-old daughter, Alexy, and her newest group—Mama Sooty's Quiltin' Party—and the New Tweedy Brothers. All these are on the Dot label.

Bonnie began her career with Dot in 1957 when Randy Wood purchased the master of "Dark Moon." She left in 1959 to form her own label in Seattle, then rejoined Dot two years ago. While away she produced singles for the Fleetwoods on the Dalton label, which eventually was purchased by Liberty.

Accompanied by George Richey, who produces her sessions, Miss Guitar said she prefers to work with young artists, to watch them develop. While in Nashville she met with various bookers with an eye toward signing a Nashville contract. "Most of my bookings have been on the West Coast," she explained, "and there are parts of the nation where I have never been seen, where I am still a mystery voice."

Miss Guitar did only one pop recording of her own, and it was an admitted "bomb." She firmly believes in country music, and feels that it has the greatest potential of any type. She would like to see Dot develop a separate country music department.

Dewey Groom put on a benefit for the families of the Graymen band at Dallas, and with top talent raised some \$2,000 for the cause. Among those taking part were Willie Nelson, Billy Gray, Tony Douglas, Janet McBride, Claude Gray, Johnny Dallas, Jerry Allen, Bill Sikes and Jerry Lane, and several top c&w bands. . . . Jack Greene, with the blessing of Ernest Tubbs, has started out as a single act, and will be continued to be featured on Ernest's TV show. He will be booked by the Hal Smith artist agency. Wayne White will replace Greene on the drums in the Texas Troubadour band. . . . Pamper Music has signed Johnny Slate to an exclusive writer's contract. He already has collaborated with Pamper's Ray Pennington on a song soon to be released. . . . KPEG's Ed Mosley has celebrated his 20th year playing country and western music on Spokane radio stations. . . . The New Jersey Night Club Alliance has named Smokey

Warren the best C&W Show and Dance Band of 1967, along with his Mountain Dew Boys. . . . Tex Ritter, fresh from a new session to cover his last hit, dashes to KBOX in Dallas, for a promotion for his "Sweet Land of Liberty" album. . . . Jean Shepherd also is following up her smash with a new session, and Capitol's Bobby Austin has a new promising disk out titled "Some of Us Never Learn." It's penned by Merle Haggard. Merle's much awaited "Branded Man" is due out momentarily. Capitol follows with singles by Ferlin Husky and Wynn Stewart, and a ballad by Buck Owens late in the month.

Marty Robbins is cutting a new session at Columbia. Decca's Owen Bradley has become a grandfather for the second time. The proud father is his son, Jerry Bradley, head of Forest Hills Music. . . . Bobby Lord, back from a work-and-play week in the Ozarks, brought sunshine back to Nashville after a steady week of rain. . . . Hugh X. Lewis' new song, "You're So Cold," had been picked as a hit by stations

COUNTRY CHART

COLLECTION

Arts & Charts

The complete Country Music Charts exactly as they appeared in Billboard magazine from 1944 to the present, in high resolution, taken from the celebrated magazine's pages.

From the owner of COUNTRY MUSIC DATABASE® who has one of the largest collections in the world (with records, videos, magazines, books and comics) comes his latest epic project!

More than 70 years of Country Music Charts from the beginning. The volumes are published in random order (like Marvel's beautiful series "The Epic Collection").
